NO PAVING ON 5TH

IMPROVEMENT OF TWO BLOCKS STOPPED BY REMONSTRANCE.

FIRST GETS THE MONEY

Bid 2½ Per Cent for City Funds—Lincoln Street to Be Widened—Compromise on McClurg Bill.

At the city council meeting Friday night, a remonstrance petition against the paving on Fifth street for two blocks between Market and Buchanan streets, was presented, and as it contained the necessary two-thirds majority of the property owners on that street, there will be no paving on Fifth street, at least for the time being. The remonstrance petition was signed by Richard Kuchs, Frank Barnmann, Adolph Lippman, Emma D. Lippman, Peter Mergen, Lucy E. Sanders, H. F. Leet and Cora W. Leet.

The city appointive officers were selected by Mayor Robey and confirmed by the council. They are as follows:

James Middleton, street cleaner, for thirty days.

Purl Edwards, night policeman, for one year.

Claude Stultz, fire driver, for one year.

B. M. Rowley, fire chief, for one year. The other members of the fire department are: Fred Diss, first assistant; L. A. Denny, Joe Pulliam, James Smith and James Kegin.

J. W. Armstrong, weighmaster, for thirty days.

Lan Shanks, sexton.

W. E. Wiles, city attorney, for thirty days. Mr. Wiles intends to leave about June 1 for Cherokee, Okla., where he will make his home.

J. H. Gray, president of the board of aldermen.

C. L. Gann, city clerk, for one year. Marion I. Woods, street commissioner, for one year.

Dr. T. A. Fisher, city physician, for one year.

F. L. Flynt, engineer, for one year. The First National bank was selected to have the city funds during the coming year. Their bid was 2½ per cent. The Nodaway Valley bank had a bid of 2 per cent. J. F. Colby of the First National bank was selected as city treasurer.

A resolution was adopted by the council to widen Lincoln street between Main and Market. The property to be purchased will be off of Mrs. J. C. Curfman's property, it taking \$180 to purchase the necessary strip of land. Part of the money was raised by the citizens living in that part of town.

An ordinance was also adopted ordering that S. A. McClurg be paid \$675.66 out of the city revenue fund for the paving tax bill for the public library. The total amount was \$798.47 but a compromise was arranged and the city saved over \$100.

The Halasey street sidewalk ordinance was carried.

A committee from the council composed of Frank Ewing, J. D. Ford and John Gray, was appointed to investigate into the damages done Hugh Kelley's potato patch by one of the fire horses, Tom. Kelley claims \$12.50 damages.

The various committees of the council selected by Mayor Robey follows:

Auditing—Mose Hahn, J. H. Gray and Charles McNeal.

Fire, light and water—Frank Ewing, J. D. Ford and John Borrusch.

Finance—J. D. Ford, John Borrusch and Mose Hahn.

Cemetery, park and building—Louis Gram, Wm. Moyer and Charles McNeal.

Streets, alleys and sewers—J. H. Gray, Frank Ewing and J. D. Ford.

Suits Filed.

The suits filed Saturday in Circuit Clerk Rathbun's office were:

Clarence and George Holbrook vs. Auburn Ingram and George Fine, damages. Ellis G. Cook, attorney. The suit is for \$198.

Alva Cox vs. George Cox, an appeal case from the justice court of Graham, Charles H. Talbott, attorney for the plaintiff.

How to Cure a Horse of Kicking.
A contributor of the current issue of Farm and Fireside say that his horse stopped kicking when he gave him the following treatment:

"We filled a stout gunny sack with sand and suspended it from the ceiling with a rope directly in the rear of the kicking horse in such a position that its heels could have good play upon it. This mammoth pendulum, needing but a forceful touch, would swing with clockwork precision as soon as the horse began to play its gymnastic stunts upon it. At the first kick the bag would swing away, only to return with great momentum, giving the horse as good at it sent. Of course, this unexpected state of affairs resulted in a general mixup between the horse and the bag of sand for a few minutes, but the bag held its own, returning all it received with interest, till the horse, coming to the full realization that there was no use to combat, was perfectly cowed.

"The bag was allowed to hang for about a week to insure an absolute cure, and up to the present time there has been no need of repeating the process."

Deafness Cannot Be Cured

Local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube, which is the tube connecting the ear with the nose. The result of this is a rattling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, it will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (constitutional) that can be cured by Hall's Catarrh Cure. Send for circulars, free.

Dr. Hartman's Plain Talk to Young Men

My plain talk to young men in my last article certainly brought out many responses from young men. I take this means of answering them briefly, for the benefit of other young men who did not write me. One writer says: "I was greatly interested in your talk to young men. I wish I was strong and well as you describe yourself to be. I am going to begin at once and follow your advice and take care of myself as I ought to. I will quit the use of all stimulants, tea and coffee, go to bed early. I will take the cold water towel bath every morning. I want to live to be old and useful, like you. And I shall also keep Peruna at hand, in case of slight ailments as they may arise. I thank you in the name of thousands of other young men, like myself."

To this letter I replied:

TOMATOES

Plant plenty of tomatoes, the fruit that you can depend on every year. Because we sell more tomato plants each year is one very good reason why you should plant Engelmann's tomato plants. Through actual tests and selections we furnish only varieties that are money makers to the grower under local climatic conditions. Because we raise and sell large quantities of tomato plants is why we can sell Engelmann's tomato plants at 15c per dozen for strong transplanted plants, and 25c per dozen for potted plants. All vegetable plants in season.

SENATE PASSES ALIEN LAND BILL

California Upper House Adopts Measure This Morning.

ALL AMENDMENTS DEFEATED.

Words "Ineligible to Citizenship," Objectionable to Japan, Are Omitted From Revised Bill—Chief Arguments Against the Measure.

Sacramento, Cal., April 3.—The administration anti-aliens land holding bill, drawn by Attorney General Webb, passed the senate this morning by vote of 36 to 2, after ten hours of debate. The only negative votes were cast by Senators Cartwright, Democrat, and Wright, Republican.

The futility of Secretary Bryan's mission was shown in the vote of his own party. Nine of the ten Democrats voted contrary to the advice which he brought from President Wilson, while not a single progressive yielded to his eloquence.

Sacramento, Cal., May 3.—The California senate showed a resolute determination to put aside the recommendations of President Wilson and his envoy, Secretary Bryan, and pass an act prohibiting Japanese and other aliens ineligible to citizenship from holding land by purchase in any circumstances, or by lease for more than three years.

In phraseology, the bill as drafted by Attorney General Webb, after many conferences with Governor Johnson and the administration floor leaders, omitted the words "ineligible to citizenship," which are offensive to Japan, but those in charge of the bill repeatedly admitted in debate that the end sought was the same.

Call Bill Too Weak.

Democratic opposition was purely tactical. The majority confessed its sympathy with the ends sought and freely criticised the bill, not as too drastic, but as too weak. Where the minority differed was in judgment of the means wisest to employ. This attitude found its expression in a resolution offered by Senator Curtin and defeated by a vote of 10 to 26 to 26.

Senator Curtin's resolution proposed that: "That people of the state of California defer to wishes of the president of the United States, and this legislature will not at this session pass the bills advised against."

Discourteous to President.

The chief arguments advanced against the bill and in support of the Curtin resolution were:

1. That the bill was discourteous to the president of the United States and the imperial government of Japan.
2. That the ends it sought might better and more permanently be attained by federal negotiations.
3. That those opposed to it might invoke the referendum, thus inhibiting effective action under its provisions for a year and seven months, during which Japanese, advised of the intentions of the state, might acquire all the land they were able to buy without let or hindrance.

GRAND JURY INDICTS BIXBY

Millionaire Arrested, Following True Bills Returned.

Los Angeles, May 3.—George H. Bixby, millionaire banker of Long Beach and member of one of the most prominent families in southern California, was arrested on two grand jury indictments, charging him with having contributed to the delinquency of minors.

Bixby was arrested at his ranch home and brought to Los Angeles, where he was released on \$10,000 bond, \$5,000 on each indictment. He will appear today for arraignment before Judge Wilbur in the juvenile department of the superior court.

Four indictments were returned by the grand jury, the two others being directed against Mrs. Josie Rosenberg, who is accused of pandering.

Twenty-Three Drowned

Score of Negroes and Two White Men Lose Lives.

Natchez, Miss., May 3.—Twenty-one negro refugees and two white men were drowned, it was reported, when the steamer Concordia, engaged in rescue work in the upper Louisiana flood district, struck a railroad bridge at Clayton, La., and sank. The Concordia was bringing to Natchez refugees rescued from house tops above Clayton, several miles inland from the river.

HOUSE CLEANING DRIVES
MAN TO COMMIT SUICIDE.

Nitley, N. J., May 3.—House cleaning drove William Brando to suicide. He quit beating carpets in the yard of his home on Center street and later his body was found in the water at the bottom of a stone quarry. A note addressed to Mrs. Brando read: "I can't beat carpets or clean house, and it ain't no use or you're trying to make me. When you read this I hope you will give up your habit of cleaning house every time you hear a robin sing."

TARIFF DEBATE IS NEARING END

Efforts of Minority to Alter Schedules Defeated.

ASSAILS CRITIC OF WILSON.

Kentuckian Objects to Adverse Comment on the President's Journey into New Jersey—Republicans in a Disagreement.

Washington, May 3.—The Democratic majority went ahead with tariff revision in the house again without a serious hitch. There were innumerable amendments emanating from the minority, but they were voted down with monotonous regularity.

The discussion opened with citrus fruits in the agricultural schedule, the Pacific coast growers waging an unsuccessful fight against cutting off the tariff on lemons, figs, dried grapes and other coast products. Efforts to increase the proposed duty on peanuts to give better protection to the Virginia industry also fell through. The schedule covering spirits, wines and other beverages went through without dissent, but considerable fight was made by the representatives of textile districts when the cotton schedule was reached.

Attacks Progressives.

Many of the speeches really dealt with the paragraphs of the tariff under consideration, but general politics and partisan personalities featured the debate. Thomas (Ky.) had a few things to say about the Republicans personally. He called the Progressive party a "patent medicine advertisement scheme" and criticised Representative Payne (N. Y.) for reflecting on President Wilson because the president went to New Jersey in connection with state legislation.

Republicans Split.

The split in the Republican minority of the ways and means committee on the question of offering a substitute for the cotton schedule was evidenced during the consideration of the cotton tariff. Moore (Pa.) and Fordney (Mich.) insisted that minority substitutes were a waste of time, but Gardner (Mass.) offered a substitute for three paragraphs of the cotton schedule, a compromise between the Underwood and the Payne tariffs. This was voted down along with all other amendments from the Republican side.

WILSON SPENDS BUSY DAY

Says Special Interests Behind Opposition to Underwood Bill.

Jersey City, N. J., May 3.—President Wilson interpreted the fight in New Jersey for jury reform and constitutional revision as a part of the struggle of the American people to obtain through the Democratic party equal justice to all and special privilege to none.

Though he made no reference to legislative policies in Washington, the president indicated that the protests being voiced against the tariff bill were those of the special interests and not the masses.

The president had spent a strenuous day fighting for the reform which he came to New Jersey to advocate. In the last speech of his trip applause and expressions of approval interrupted him frequently, as he assailed the influences in the state which he claimed were exploiting the populous country for private purposes.

PAWNEE TAKES THE HONORS

Track Team Wins Contest at Tarkio College Meet.

Tarkio, Mo., May 3.—The fifth annual Tarkio college tri-state high school track meet was won here by Pawnee City, Neb., with a total of 40 points. Platte City, Mo., came second with 32; Tarkio, Mo., third, with 14; Falls City, Neb., fourth, with 10.

Records were broken in five events.

Nineteen schools entered, 110 persons competing.

Hotel Men Apply for Certificates.

Lincoln, May 3.—According to reports of Hotel Inspector Ackerman, hotel men are applying for certificates to do business under the law in a way that makes the commissioner smile. "It shows," said Mr. Ackerman, "that as a general thing the hotel men of the state propose to live up to the law and assist in its enforcement as much as possible."

Fendergrass, Ga.—Mrs. Della Long of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles."

"Often, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint."

I took Cardul, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did."

Take Cardul when you feel ill in any way—weak, tired, miserable, or under the weather. Cardul is a strength-building tonic medicine for women.

It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times.

Cardul acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs.

Its half century of success is due to merit. It has done good to thousands.

Will you try it? It may be just what you need. Ask your druggist about Cardul. He will recommend it.

arbitration. The exceptionally favorable crop outlook, which developments during the last week have in no way diminished, accounts in a large degree for the prevailing feeling of optimism.

Owing to renewed anxiety regarding the Balkan situation, money rates abroad are again firmer, while the local market has also hardened in anticipation of the important requirements in prospect. While current production in iron and steel is close to the point of capacity, there is less new business and premiums are no longer so prominent a factor. The lumber trade is active, the coal market normal. Most reports continue to be highly favorable and from present indications this promises to be a year of phenomenal crops. The export trade continues large.

MARYVILLE, MISSOURI, SATURDAY, MAY 3, 1913.

NO. 287.

AND HE GAVE BOOT FAILED TO LAND

HORSE TRADING NOT IN TOM ERNST'S LINE.

MARYVILLE ORATOR LOST OUT AT TARKIO.

LEWIS LANDED IN JAIL BOYS GET LONE TALLY

A Horse "Swap" That Put One Man in "Durance Vile" and Cost Another His Job.

Tom Ernst, an eighteen year old youth, employed at the Tilson livery barn, had, on several occasions, heard his employer, John Tilson remark that he intended to trade off a number of his livery steeds. So when one John Lewis, a horse trader, who gave his address as St. Joseph, appeared at the Tilson barn Friday afternoon, looking for a trade, young Ernst felt called upon to assist in swapping off the animals. A few minutes of dickering resulted in the transferring of three of Tilson's perfectly good horses and \$2.50 "to boot" for one worthless quadruped, belonging to Lewis. Lewis mounted one of his newly acquired horses, and leading the other two, headed north for the Iowa line, so he told Sheriff Ed Wallace after his arrest.

Reports from Tarkio from people who were unprejudiced say that the decisions of the judges did not please the audience in general. Said reports are to the effect that either David or Park should have been awarded first place.

The showing of the local high school track team was a keen disappointment to local followers. They weren't expected to win the meet, but everyone thought they would score more than a lone tally. This point came to Ed Gorman, who finished third in the shot put. His distance was 36 feet, 8 inches. Elmer Montgomery ran a great race in the mile. He led the field up to the last fifty yards, but had nothing left for the finish and was passed by three of his opponents.

The Pawnee City, Neb., high school won first place with a total of forty points. Platte City was second with thirty-two, and Tarkio third with fourteen. Probably the best performance of the meet was when Reavis of Falls City pole vaulted 11 feet and 8 inches. E. Miller, the Platte City chap who was instrumental in Platte City's taking third place in the local meet, was also a star performer at Tarkio. A Pawnee City man broad jumped 20 feet, 9½ inches and broke the tri-state record, formerly held by O. H. Quinn of this city.

CAPTURED AT CONCEPTION.

Man Wanted at St. Joseph, Arrested Friday by Constable Gabe Purcell.

Walter Tracey, who broke into a St. Joseph garage Wednesday night and took four Goodrich automobile tires and disposed of them, was captured Friday evening about five o'clock at Conception Junction by Constable Gabe Purcell of that place.

Officers from St. Joseph came to Conception Friday morning and after giving Mr. Purcell a description of Tracey, went on to Clyde to look for their man. While they were at Clyde, Tracey, who had been at Clyde since Thursday morning, came walking into Conception. The constable was on the lookout and nabbed him. Although Tracey had no firearms, he showed fight, and was only captured after a sharp tussle, in which Purcell was forced to bring his gun into play. The prisoner was taken back to St. Joseph.

A. P. CRAVEN DEAD.

Was Formerly County Assessor of Nodaway Before the War—Funeral Held Saturday.

Word was received in Maryville Friday by Robinson Craven of the death of his uncle, A. P. Craven at his home near Richmond, Mo., on that day. The funeral was held Saturday.

Mr. Craven was county assessor of Nodaway and took the assessment two times before the war. He left the country soon after the war. He will be remembered by the older people here.

THE POSTIC QUID

The Postic quid held a meeting Tuesday afternoon, but instead of giving the scheduled program, the time was taken up in a business meeting. The next program will be given in assembly Tuesday morning.

The walking club had planned walking to Arkoe this afternoon and returning on the evening train, but on account of the wet weather the trip

was postponed.

was postponed. Mrs. Swann was to chaperon the pedestrians.

The seniors are preparing a one-act farce, which will be given on class day. The play is under the direction of Miss Keeler.

Miss Margaret Boein, who would have been a member of the spring graduating class, had she not been forced to leave school on account of her health, and Miss Kathleen Chittenden of St. Joseph, were visitors this week.

One of the most enjoyable evenings since the organization of the spring class, was spent last night, when they were the guests of the beginning seniors at the home of Miss Laura Craig on East Fourth street. Punch was served upon entering, after which each one was assigned to one of eleven tables, each of which had a different game. Hally Ford was successful in drawing first prize, which was a pillow pennant, one side being made of the colors and design of the 1914 class and the other side that of the 1913 class. The rooms were beautifully decorated, the color scheme of the two classes being carried out. Music was furnished during the evening by Misses Gladys Holt and Hazel Vandervoort.

Those present were: Abner Johnson, Mabel Niel, George Wamsley, Marie Cain, Bessie Webster, Claire Kidder, Nellie Rigney, Edna Moore, Lourinda Craig, Helen Wamsley, Neva Sage, Alice Barr, Marie Medske, Ruby Curnutt, Nellie Knoppenberger, Nellie Halasey, Mabel Null, Lois Former, Gladys Ford, Martha Denny, Hally Ford, Elmer Montgomery, Roy McPherson, Ernest Coler, Howard Leech, Harold Hooth, Walter Dersch, Harry Kissinger, Walter Fraser, Laura Craig, Edna Wilson, Izora Mutz, Ruth Reuillard, Cleo Lash, Kirker Sawyers, Edgar Hull, Goldie Roelofson, Juno Jones, Frances Hahn, Hazel Vandervoort, Gladys Holt, Katherine Carpenter, Esther Roberts, Miss Keeler, Miss Hawkins, Miss Sison, Miss Ashby and Miss Thompson.

CONFERRING WITH BOARD.

L. J. Mensch of Chicago in Maryville Today Looking Over Water Tower.

L. J. Mensch of Chicago is in Maryville today looking over the water tower, which will be repaired and improved.

He will meet this evening with the board of public works and submit his proposition. Mr. Mensch had a bid of \$4,120 for the work to be done, but the board did not accept his bid at a meeting held Tuesday, waiting to confer with their engineers.

Mr. Mensch proposes to build an under cement structure practically up to the tank where it will be flared out with brick to form a contact with the tank. This cement structure would take the weight of the tank and thereby take that weight off the walls of the tower. The plan, according to Mr. Mensch, would make the tower absolutely safe and would provide for a water storage of 50,000 gallons added on to the present capacity of 120,000, making a capacity of 170,000 gallons.

STRONG BOYS ARE NEEDED.

A Large Percent of Men Responsible for the Success of Industries Are Farm-Bred.

Following is an extract from an interesting discussion in the current issue of Farm and Fireside:

"A canvass of the business men of almost any city of importance in any part of our country will disclose the fact that from sixty to eighty percent of the men responsible for the success of the industries of those cities were farm-bred. When this fact is brought out, we, as farmers, almost insensibly find our shoulders squaring and heads assuming a higher level. But isn't there another angle to this tribute to farm upbringing?

"Unquestionably the health, energy and intelligence contributed by the farmers have insured greater development and prosperity to the cities, but has not the fullest farm progress, such as improvement in marketing of farm crops and more economical farm production, been delayed by loss of the most ambitious farm youth constantly moving to the cities?

"Without the influx of farm blood there would not have been the extension of commercial and industrial business in the cities and the outlet for surplus farm products would have been proportionately less. On the other hand, the middlemen would not have built up so effective a system for absorbing the revenues of the farms, hand not the ambition and initiative going with recruits from the farm kept the vigor of city thought working and scheming at high pressure."

How to Cure a Horse of Kicking.
A contributor of the current issue of Farm and Fireside say that his horse stopped kicking when he gave him the following treatment:

"We filled a stout gunny sack with sand and suspended it from the ceiling with a rope directly in the rear of the kicking horse in such a position that its heels could have a good play upon it. This mammoth pendulum, needing but a forceful touch, would swing with clockwork precision as soon as the horse began to play its gymnastic stunts upon it. At the first kick the bag would swing away, only to return with great momentum, giving the horse as good at it sent. Of course, this unexpected state of affairs resulted in a general mixup between the horse and the bag of sand for a few minutes, but the bag held its own, returning all it received with interest, till the horse, coming to the full realization that there was no use to combat, was perfectly cowed."

"The bag was allowed to hang for about a week to insure an absolute cure, and up to the present time there has been no need of repeating the process."

To Go to Milwaukee.

R. T. Hantz will leave soon for Milwaukee, Wis., where he will visit his brother.

Deafness Cannot Be Cured

Local applications, as they cannot reach the diseased portion of the ear. There is only one remedy, Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube, which becomes inflamed from a running sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, nothing can be done to cure it. Deafness is often caused by Cataract, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by cataract) that cannot be cured by Hall's Cataract Cure. Send for circular, free.

D. A. R. Meeting.

The regular meeting of the D. A. R. chapter was held Saturday afternoon at the home of Miss Donna Sisson.

Had Beefsteak Fry.

Misses Hettie Anthony, Golda Airey, Jeannette Cottrill and Jessie Mutz entertained the Sigma Delta Chi sorority, to which they belong, at a beefsteak fry northeast of Maryville Friday evening. The sorority members present were Misses Phyllis Sayler, Julia Ward, Jane Highnote, Bess Porter, Lois Hallay, Grace Langan, Lois Stockton, Nelle Hudson, Margaret McDougal, Mrs. Emmett Scott, Mrs. Burt Lewis and the hostesses.

Social at First M. E. Church.

About forty-five people attended the social given Friday evening by the Epsworth League of the First M. E. church in the church basement. The social committee, with Miss Ruth Matter as chairman, had charge of the entertainment. Several contests and a track meet, the latter being won by Rev. Cox, furnished amusement for the first part of the evening and this was followed by a musical program consisting of some selections on the Kemp Victrola, two vocal solos by Rev. G. S. Cox, and vocal solos by Miss Nelle Wray and Miss Ilene Kemp. Refreshments were served at the close of the program.

Social Neighbors' Club Met.

Mr. and Mrs. Ellet Trueblood entertained the Social Neighbors' club at their home north of town on Thursday evening. A very pleasant time was spent in music and social conversation. Ice cream, cake and fruit were served during the evening. Those present besides the host, hostess and family were Mr. and Mrs. Tom Latimer, Mr. and Mrs. Ira Ringgold, Mr. and Mrs. Frank Buzzard, Mr. and Mrs. Newton Legrand, Mr. and Mrs. James Neal, Mr. and Mrs. Gaylord Reynolds and Mrs. James Ringgold of Maryville, mother of the hostess; Misses Nola and Iva Farrens, Chloe Ringgold and Ella Zwilling, Messrs. Dr. Hartman's Plain Talk to Young Men

My plain talk to young men in my last article certainly brought out many responses from young men. I take this means of answering them briefly, for the benefit of other young men who did not write me. One writer says:

"I was greatly interested in your talk to young men. I wish I was strong and well as you describe yourself to be. I am going to begin at once and follow your advice and take care of myself as I ought to. I will quit the use of all stimulants, tea and coffee, go to bed early. I will take the cold water towel bath every morning. I want to live to be old and useful, like you. And I shall also keep Peruna at hand, in case of slight ailments as they may arise. I thank you in the name of thousands of other young men, like myself."

To this letter I replied:

SENATE PASSES ALIEN LAND BILL**California Upper House Adopts Measure This Morning.****ALL AMENDMENTS DEFEATED.****EFFORTS OF MINORITY TO ALTER SCHEDULES DEFEATED.****ASSAILED CRITIC OF WILSON.****KENTUCKIAN OBJECTS TO ADVERSE COMMENT ON THE PRESIDENT'S JOURNEY TO NEW JERSEY—REPUBLICANS IN A DISAGREEMENT.****WASHINGTON, May 3.—The Democratic majority went ahead with tariff revision in the house again without a serious hitch. There were innumerable amendments emanating from the minority, but they were voted down with monotomous regularity.**

The discussion opened with citrus fruits in the agricultural schedule, the Pacific coast growers waging an unsuccessful fight against cutting off the tariff on lemons, figs, dried grapes and other coast products. Efforts to increase the proposed duty on peanuts to give better protection to the Virginia industry also fell through. The schedule covering spirits, wines and other beverages went through without dissent, but considerable fight was made by the representatives of textile districts when the cotton schedule was reached.

The futility of Secretary Bryan's mission was shown in the vote of his own party. Nine of the ten Democrats voted contrary to the advice which he brought from President Wilson, while not a single progressive yielded to his eloquence.

Sacramento, Cal., May 3.—The California senate showed a resolute determination to put aside the recommendations of President Wilson and his envoy, Secretary Bryan, and pass an act prohibiting Japanese and other aliens ineligible to citizenship from holding land by purchase in any circumstances, or by lease for more than three years.

In phraseology, the bill as redrafted by Attorney General Webb, after many conferences with Governor Johnson and the administration floor leaders, omitted the words "ineligible to citizenship," which are offensive to Japan, but those in charge of the bill repeatedly admitted in debate that the end sought was the same.

ATTACKS PROGRESSIVES.

Many of the speeches really dealt with the paragraphs of the tariff under consideration, but general politics and partisan personalities featured the debate. Thomas (Ky.) had a few things to say about the Republicans personally. He called the Progressive party a "patent medicine advertisement scheme" and criticised Representative Payne (N. Y.) for reflecting on President Wilson because the president went to New Jersey in connection with state legislation.

REPUBLICANS SPLIT. The split in the Republican minority of the ways and means committee on the question of offering a substitute for the cotton schedule was evidenced during the consideration of the cotton tariff. Moore (Pa.) and Fordney (Mich.) insisted that minority substitutes were a waste of time, but Gardner (Mass.) offered a substitute for three paragraphs of the cotton schedule, a compromise between the Underwood and the Payne tariffs. This was voted down along with all other amendments from the Republican side.

WILSON SPENDS BUSY DAY

Says Special Interests Behind Opposition to Underwood Bill.

Jersey City, N. J., May 3.—President Wilson interpreted the fight in New Jersey for jury reform and constitutional revision as a part of the struggle of the American people to obtain through the Democratic party equal justice to all and special privilege to none.

Though he made no reference to legislative policies in Washington, the president indicated that the protests being voiced against the tariff bill were those of the special interests and not the masses.

The president had spent a strenuous day fighting for the reform which he came to New Jersey to advocate. In the last speech of his trip applause and expressions of approval interrupted him frequently, as he assailed the influences in the state which he claimed were exploiting the populous country for private purposes.

**SAID SHE
WOULD FAINT**

**Mrs. Della Long Unable to Stand
On Her Feet More Than a Few
Minutes at a Time.**

Pendergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles.

Often, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint.

I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did."

Take Cardui when you feel ill in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women.

It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times.

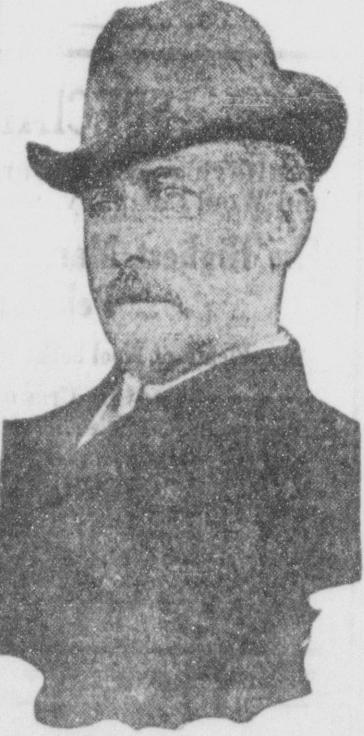

Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs.

Its half century of success is due to merit. It has done good to thousands. Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it.

M. B.—Write to: Ladies' Advisory Dept., Chatty's Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

arbitration. The exceptionally favorable crop outlook, which developments during the last week have in no way diminished, accounts in a large degree for the prevailing feeling of optimism.

Owing to renewed anxiety regarding the Balkan situation, money rates abroad are again firmer, while the local market has also hardened in anticipation of the important requirements in prospect. While current production in iron and steel is close to the point of capacity, there is less new business and premiums are no longer so prominent a factor. The lumber trade is active, the coal market normal. Most reports continue to be highly favorable and from present indications this promises to be a year of phenomenal crops. The export trade continues large.

Mr. Bernard Sliger of New York arrived Friday night for a few days' visit at the home of his uncle and aunt, Mr. and Mrs. Berney Harris.

Guy Neal, who underwent an operation for appendicitis Friday afternoon at St. Francis hospital by Dr. Will Wallace, Jr., is getting along as well as could be expected.
